How it works...

-Fees for services are due at the time of your visit, unless alternate arrangements have been made in advance. I can provide you with a superbill receipt to submit to your insurance company directly, or if possible I will bill your insurance carrier for you. Cosmetic acupuncture is usually not covered by insurance. If you have any questions, please ask.

-Most conditions require an average of 6-12 treatments, although some will respond well within 4-6 visits or less. Others may require a longer series – this depends on the severity and the chronic nature of the chief complaint.

-Acupuncture is most effective when done frequently, as it has a cumulative effect. To help you get regular treatments, I offer a 10% discount when you prepay for a series of 10 treatments. If you decide to cancel your treatment series, you will be reimbursed at the regular rate for those treatments not used. Because the treatment series is discounted, check or cash is preferred or 3% additional can be added for credit cards.

-I accept cash, personal checks, and credit cards, including HSA or FSA cards. Please note that all published prices reflect a courtesy discount for same day payment.

-Your appointment time is reserved specifically for you. **Please call at least 48 hours ahead of time if need to reschedule your appointment.** There is a **\$50 missed appointment fee** if we do not receive a call within 48 hours. **Late cancellations and 'no shows' are charged the full appointment fee.**

-For insurance patients: I _____ (initial) authorize the release of any medical or other information necessary for insurance claim processing and I understand that my identifiable medical information will be used only as necessary for purposes of treatment, payment, and other healthcare operations.
